SHOWTEC Galaxy 1200 DMX Centerpiece Product Details

Description

The Galaxy is a state of the art centerpiece proudly presented by Showtec. It is equipped with a bright HMI-1200SA bulb (not included). All six mirrors can be controlled individually by DMX or to the beat by the music by its built-in processor. The Galaxy is equipped with six gobo wheels. Each gobo wheel contains 7 stylish glass gobos which will create astonishing effects. For special strobe effects the Galaxy is equipped with a high speed shutter/strobe. The Galaxy 1200 can be controlled by 13 or 19 DMX channels or to the beat of the music by its built-in processor. For safe transportation the Galaxy comes complete with a road-proof flight case.
